

February 5<sup>th</sup>, 2010

We were very excited when “The Shoes for the Cure” Florida approached us about the opportunity to help them in their recycling efforts. We knew that this would create jobs and provide shoes for the less fortunate and that it would be a huge success. It is truly a win, win for everyone!

The Manatee County YMCA is so appreciative of the service that “The Shoes for the Cure” Florida recycled shoes provides to the community. Not only does our organization benefit from contributing to the environment but we also receive funds in return that helps our children and families within the YMCA. With help from “The Shoes for the Cure” we are able to help those who wouldn’t otherwise be able to participate in YMCA programs and memberships. It is great to have the feeling of helping others who are less fortunate.

Yours in health,

Sarah Yonko

Membership Director
